## **It looks like a brilliant spring: the Sparkle pencil now in new, tempting pastel colours**

Diamonds are a girl's best friend? For ever and always! The Sparkle pencil series celebrates our love of glimmering beauty. Fashion-lovers cannot help but adore the glitter on the pencil. Three new colours have been introduced for spring: turquoise, white and blue. This pencil trio is sure to draw admiring glances – and, thanks to their ergonomic triangular shape, these useful accessories provide a secure and pleasant writing experience.
